

Saturday, September 19 – Sunday, September 20, 2015
Sheraton Centre Toronto Hotel, Toronto, Ontario

PLANNING COMMITTEE:

Ian Alwayn, MD
David Landsberg, MD
Michael McDonald, MD
Paul Marotta, MD

The biennial Canadian Transplant Fellows Symposium will once again be held in Toronto on September 19 and 20, 2015.

The planning committee has developed a curriculum of interest and value to Canadian Transplant Fellows that provides a platform for open discourse on the research and clinical applications of solid organ transplantation. The program will foster the opportunity to network amongst all the fellows and faculty by encouraging the exchange of educational, clinical and personal experiences.

**Astellas announces collaboration
with the Canadian Society of
Transplantation.**

In recognition of the value this event offers to transplant fellows across Canada, Astellas and the Canadian Society of Transplantation (CST) are now partnering to offer this program on an annual basis.

If you are interested in attending or have questions about this symposium, please email CdnTxConferenceSeries@stacom.com

AGENDA

Saturday, September 19

8:25 a.m.	Introduction & Overview	Dr. Paul Marotta
8:40 a.m.	ECD/DCD: Evaluation of the Marginal Donor	Dr. Jeffrey Zaltzman
8:55 a.m.	DCD: Liver	Dr. Roberto Hernandez-Alejandro
9:10 a.m.	Donation After Cardiac Death: Panel Discussion	
9:20 a.m.	Debate: Making Decisions – Using the Best Tool Be it resolved that: The Best Clinical Decisions Must Rely on RCT Evidence	Dr. Joseph Kim
	Real World Data/Large Observational Programs are the Reality for Patients	Dr. Jagbir Gill
10:10 a.m.	Pre-transplant Cardiovascular Assessment	Dr. Jeremy Kobulnik
10:40 a.m.	Break	
11:00 a.m.	Management of Renal Dysfunction in Extra Renal Transplants	Dr. Carl Cardella
11:30 a.m.	HLA for the Clinician	Dr. Christine Ribic
12:30 p.m.	Lunch	
1:10 p.m.	Introduction	Dr. David Landsberg
1:15 p.m.	Post-transplant Complications	
	• Skin Cancer	Dr. Sunil Kalia
	• Metabolic Complications	Dr. Agnes Rakel
	• PTLD	Dr. David Landsberg
2:15 p.m.	Organ Preservation (CNTRP)	Dr. Markus Selzner
2:45 p.m.	Day 1 Evaluation Completion	
2:50 p.m.	Break	
3:00 p.m.	Case Studies – Concurrent Sessions:	
	• Pediatric Kidney & Liver Transplantation	Drs. Diane Hebert & Steven Martin
	• Kidney Transplantation	Drs. David Landsberg & Ian Alwayn
	• Liver Transplantation	Drs. Winnie Wong & Roberto Hernandez-Alejandro
	• Adult & Pediatric Heart Transplantation	Drs. Nadia Giannetti & Lori West
	• Adult & Pediatric Lung Transplantation	Drs. Lianne Singer & Melinda Solomon
5:00 p.m.	Case Study Sessions Evaluation Completion	
5:05 p.m.	Adjourn	

Sunday, September 20

8:05 a.m.	Day 2 Welcome	Dr. Ian Alwayn
8:10 a.m.	Immunology of Transplantation Rejection	Dr. Philip Halloran
8:55 a.m.	CMV Prophylaxis	Dr. Atul Humar
9:15 a.m.	Pre-transplant Optimization	Dr. Deepali Kumar
9:35 a.m.	Approaches to the High-Infection-Risk Donor	Dr. Atul Humar
9:55 a.m.	Infectious Diseases: Panel Discussion	
10:10 a.m.	Break	
10:30 a.m.	HBV in Non-hepatic Solid Organ Transplantation	Dr. Jordan Feld
10:50 a.m.	HCV in Non-hepatic Solid Organ Transplantation	Dr. Paul Marotta
11:10 a.m.	Hepatitis Virus in Non-hepatic SOT: Panel Discussion	
11:25 a.m.	The Future of Transplantation	Dr. Gary Levy
11:55 a.m.	Day 2 Evaluation Completion	
12:00 p.m.	Adjourn
